At AdvantageCare Physicians (ACPNY), we offer comprehensive “whole you” obstetrics care. That approach means our obstetricians will collaborate with your Primary Care Provider and other specialists to make sure we’re considering all of the physical, mental, and lifestyle factors that contribute to your entire health picture.

You can rest assured that your Care Team will get to know you and collaborate on providing care tailored to your individual needs. And, our myACPNY patient portal provides access to your medical records and care history no matter which office you visit.

Dr. Nigel Henry, MD

ACPNY Office Location: East New York
Language: English

Dr. Henry is an OB/GYN at the East New York Medical Office. He received his education at the University of Buffalo School of Medical and Biomedical Services and later went on to complete a residency program at The Brooklyn Hospital Center. Dr. Henry provides compassionate, comprehensive care to all of his patients, and enjoys music, sports, and politics.
